## Helping you understand the auction process

We want our customers to enjoy their auction experience and to help with your understanding of the process, please see the following terminology and Frequently Asked Questions:

### Terminology

#### **Unreserved**

There are no minimum bids or reserve prices set and the items will be sold to the highest bidder at the fall of the hammer.

#### **Hammer Price**

This is the sale price at the fall of the hammer.

#### **Buyer's Fees**

An additional charge on the hammer price of each Lot, which must be paid by the winning bidder. 20% Buyer's premium unless stated otherwise.

#### **RV**

The RV has been provided for illustration purposes only to help inform the potential bidder and represents the equivalent new retail price for that particular lot based on a combination of our own research, information provided by the vendor and research from our panel of independent valuers & appraisers.

### Government property

#### **Guide Price**

The guide price is the approximate value placed on a property by the auctioneer. A property could go for more or less than the guide price.

#### **Reserve Price**

This is the price that the seller is willing to accept for an item, if applicable.

#### **Provisional Bid**

Where a winning bid hasn't met or exceeded the reserve price at auction the bid will be held and taken to the vendor for consideration.

### Frequently Asked Questions:

#### **Viewing**

If you're interested in buying an item, we always advise that you view it prior to auction. Viewings usually take place the day before the auction as well as the day of the auction. Larger items such as boats and planes may be located off-site and can only be viewed by appointment only, similar to the government property, details can be found on the auction page on the website.

#### **Registering for Auction**

When registering to bid, a copy of photographic ID and proof of address are required. If bidding on behalf of another, you will require written confirmation of this prior to bidding. A deposit of £500 is required for the Unreserved Government Auction.

### Ways to Bid

We try to make the auction process as accessible as possible, as much as we like to see bidders attending the auction, we appreciate it's not always viable. In addition to physical bidding we provide multiple ways to bid including online via the LiveBid auction facility, telephone bids and commission bids.

### Sold as Seen

Care has been taken to ensure the accuracy of this catalogue but no sale will be void by the inaccuracy of any description. The purchaser must satisfy themselves with the item(s) prior to bidding as all Lots are sold as seen.

### Authentication

During the remarketing process of items, we take time to ensure items are authenticated and independently valued by various valuers covering everything from watches, jewellery, designer goods and much more.

### Payment & Collection

Full payment is required close of business on the day following auction and all items must be collected within 48 hours. Failure to adhere to these terms mean the Lot will be subject to additional storage and removal fees which must be paid prior to the item being released.

Any goods for which payment is not made on time will be re-sold at the next available auction. The deposit paid will be forfeit and you will also be liable for any shortfall between sale prices.

### Land & Property Fees

There is a buyer's administration fee + VAT which is paid on top of the hammer total of each item. Property - VAT is charged on the fee only.

### Deposit Returns

Deposits will only be refunded in full if you are an unsuccessful bidder or if your provisional bid on a property is not accepted by the vendor.

If you win a bid, the deposit will become part of the payment and will be deducted from the final purchase price.

Deposits will be returned on request at reception. Cash deposits will be returned by cheque while deposits made by credit or debit card will be returned back onto the card.

### Conditions of Sale

The Conditions of Sale can be found at the back of the catalogue.

## CONDITIONS OF SALE

- The highest bidder for each lot shall be the purchaser thereof, and in the event of any dispute the Auctioneer shall have absolute discretion either to settle such dispute or to re-offer the lot immediately.
- The Auctioneer may, without giving any reason therefore, refuse to accept the bidding of any person or persons.
- No person may advance less at a bid than a sum to be named from time to time by the Auctioneers.
- The vendors may bid for any lot or lots and may withdraw any lot or lots, either personally or through the Auctioneer or through any other person, as many times as they respectively see fit.
- Intending purchasers shall give their name and address to the Auctioneer prior to the auction and shall pay into the hands of the Auctioneer a deposit in order to obtain a Buyer's Number. If any purchaser fails to comply with any of the conditions the lot or lots in respect of which such failure is made may, if the Auctioneer thinks fit, be put up again and resold at any time. If upon such re-sale, a lower price is obtained for any such lots than was obtained on the first sale the difference in price shall be a debt due from the purchaser in default upon the first sale, no lot may be transferred.
- Care has been taken to ensure the accuracy of the catalogue but no sale shall be invalidated by reason of any defect or faults in any of the lots by reason of any of the lots being incorrectly described in the catalogue and no compensation shall be paid in respect of any such faults or errors in description. The Auctioneers give no warranty as to the genuineness or authenticity of the goods & the purchaser shall accept every lot with all faults & errors of description.

If any lot is not so taken away by the purchaser the vendor or the auctioneer shall be entitled at the risk of the purchaser to remove the same to any place of storage and shall not be responsible for any expense of such removal or storage or any damage or destruction or loss thereby occasioned. Furthermore, where goods by agreement are stored after a sale at the purchaser's request on either the vendors or auctioneers' premises, the items so stored will be entirely at the risk of the purchaser and no responsibility can be accepted by either the vendor or the auctioneers for loss, damage or destruction thereby arising. In addition to the above, if the purchaser fails to remove the Lot from the premises as required, Wilsons Auctions reserve the right to re-enter the Lot into auction and charge a Defaulter's Entry Fee to the Buyer.
- All damage done to the premises at which the sale takes place or to lots or any part or parts thereof occasioned by such removal by the auctioneer under the last condition and all damage occasioned by a removal by the purchaser, shall be made good by the purchaser and principals shall be responsible for the acts of their servants and agents.
- Upon failure to comply with the above conditions, the money deposited in part payment shall be forfeited, he/she paying there-out all just expenses and the lot shall be resold by public or private sale and the deficiency (if any) arising upon the resale together with the expenses thereof shall be made good by the defaulter at this sale.
